

THINK WHILE YOU RUN

CogniRun

**We measure your
cognitive heart-rate threshold
— how sharp you stay
when body and brain are
both maxed.**

Fastest legs don't win. Fastest thinking under load does.

Working Android app • voice questions • live GPS & heart-rate

WHO IT'S FOR

One platform, three markets

You

Train body & brain under real pressure — interviews, driving theory, memory.

Sharper, measurably

Scientists

Cognition-under-exertion studies at scale. Enrollment = joining a run.

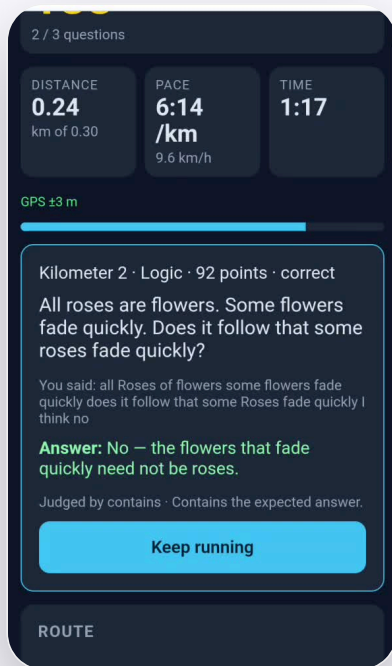

Recruits itself

Business

Sponsored question packs reach an engaged audience mid-race.

Pays for itself

LIVE NOW

Strava for your mind.

**A run that makes you smart
— and recruits and funds
itself.**
